## Lockdown 2020

*"Distance learning has been an enormous mind-shift for us as educators. We love the physical presence of our children. However, we will continue to do our very best for the girls in our care and we will continue to provide quality education in a nurturing environment."*

Jeannette Welgemoed (Principal)

The teachers are all missing being at school with the girls. We look forward to the time when we will all be together again.

In the meantime please enjoy the video that we have produced, to pay tribute to the teachers and learners and the manner in which they have engaged with their lessons:
